Darling Timmy,

We missed your  
birthday. We were in London.

So sorry.

Helen feels one is  
was terrific - quite wonderful  
with a long queue of ladies lining  
up to kiss you. Here's another  
one.

Soon as Helen arrives  
will keep one down  
for you then.

All love as ever,

Timmy  
Oh Professor and fellow  
Scorpio, many happy re-  
turns or is this maybe in-  
appropriate — but I love  
you and admire you im-  
mensely —

Love and kisses

as ever  
Helen
